LB 174 provides that any person operating a vehicle that contained livestock that subsequently spills manure or urine on the highway shall be guilty of a Class IV misdemeanor and fined at least \$250. This provision would only apply to spills within a city of the metropolitan class.

Since fine revenue assessed pursuant to convictions will accrue to the county where the violation occurs to be used for the support of public schools there may be a very small indeterminate increase in revenue for schools located in counties that house a metropolitan class city.
